ADVISORY NOTE FOR APPLICANTS / AGENTS

How We Deal With Planning Applications

1. When the Council receives your planning application, it is checked to make sure that it is correctly completed and therefore valid. The application is registered and the Council as Local Planning Authority has a set number of weeks from the date of registration to consider the application, unless a longer time period is agreed by you.
2. The planning application is assigned to a case officer who will publicise your application. This can entail either writing to adjoining neighbours, putting up a site notice or publishing a notice in the press. All applications and supporting information are published on the Council's on-line Planning Register which can be found on the Council's web site. It should be noted that members of the public are given 21 days to make any comments in respect of your planning application.
3. The Town or Community Council will also be consulted together with any appropriate Vale of Glamorgan Council departments and / or external organisations. Sometimes the views of the Town or Community Council are published in the press, but they cannot determine the application. In this regard you must wait until you have received your decision notice from the Vale of Glamorgan Council as Local Planning Authority.
4. The case officer will need to make a site visit to assess the site and to establish any impact the proposal may have on adjoining properties and the surrounding area. You should be aware that the case officer might well make a photographic record of the site to assist in this assessment.
5. The case officer examines the comments from members of the public and consultees. If there are objections to your scheme, which could be overcome, the case officer may ask you to amend your scheme or provide additional information. In some cases, it may be necessary to advise your neighbours / consultees of the amendments in which case additional time for comments is allowed.
6. The majority of planning applications are dealt with by the Head of Planning and Transportation under powers delegated to him by the Council. More complex applications are considered by the Planning Committee. In both instances, a report is prepared outlining the main planning issues and responses received. If you wish to clarify the proposed method of determination, please contact the case officer or alternatively check the Council's web site.
7. When the planning application has been determined, a decision notice will be sent to you or your agent (where applicable). It is important that you study this document carefully as there may be certain conditions attached in the event of planning permission being granted. You will need to comply with all conditions and therefore you are advised to keep the notice in a safe place for future reference, as there is a charge for additional copies. In the event of your planning application being refused, the decision notice will provide reasons for the decision and you will also be advised of your right of appeal.
8. If you wish to make any changes to the proposal after planning permission has been granted, you are advised to contact the Planning and Transportation Division. Amendments will always require consideration by the Local Planning Authority and in most instances a fresh planning application may be required. Please note that if you commence development in advance of planning permission being granted or do not carry out the development in accordance with the approved plans, such development will constitute unauthorised work.

Should you have any queries regarding the above or wish to check the progress on your planning application, please contact the case officer check on-line on the Council's web site.
